

## College Credit Plus Next Steps

1. Submit your Intent to Participate Form no later than April 1<sup>st</sup>
2. Apply to all of your intended college(s)
  - a. Check college websites for specific application deadlines
  - b. Most will probably ask you to indicate that you are a current high school CC+ student
3. Submit test scores if required
  - a. If you have already taken CC+ classes at that college, no additional test scores will be needed
  - b. If you have not previously taken CC+ classes at that college you will need to meet your college's testing requirements which may include:
    - i. ACT
    - ii. SAT
    - iii. Placement Tests (CSCC, COTC, & Sinclair) – must have applied and received your college student ID number in order to test
4. After you have been accepted, complete all additional requirements that the college has in order to register and enroll in your desired course(s), by the college's stated deadline. For example, CSCC has a "Registration Consent Form" that must be turned in to your counselor.
5. If taking classes on a college campus, please provide a copy of your registered courses to your counselor ASAP so that your HS schedule can be adjusted.
  - a. Textbook reminder: like the cost of tuition, the costs associated with textbooks are a component of College Credit Plus and are covered by Worthington Schools, but the books remain the property of Worthington Schools.
    - i. If taking classes in Worthington, you'll pick up your book on the first day of classes in the bookroom.
    - ii. If taking at CSCC, you will receive a voucher sent to your email, and you will be responsible for going to the CSCC bookstore to pick up your book. Check with your Counselor first to see if we have the book available for you.
    - iii. If taking at OSU, you will receive a voucher at your meeting with the CCP director at OSU. Take your voucher to the Barnes & Noble on campus to pick up your text book.
    - iv. At end of semester, all textbooks will be returned to the Counseling office at your respected high school.
6. Monitor Remind messages or wscloud email for additional announcements from HS counselors regarding CC+ and monitor your college emails for announcements/ steps from your college(s).
